APPROVAL OF STATE ENGINEER

This permit is issued subject to all prior rights on the source. The land proposed to be irrigated lies in California but this permit is granted for the full statutory allowance of 6.4 c.f.s. for the 640 acres, thereby authorizing the diversion of water from Sand Creek within Nevada for the land proposed to be irrigated in California. It must, however, be understood that this office maintains no jurisdiction over the irrigation of land in California and the terms of this permit contain no authorization to divert water from Nevada into California when same can be beneficially used by appropriators in Nevada. A substantial headgate and weir must be installed and maintained at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that the applicant agrees to the terms herein contained.

6.4 cubic feet per second.

Actual construction work shall begin on or before April 21, 1922.

Proof of commencement of work shall be filed before May 21, 1922.

Work must be prosecuted with reasonable diligence and be completed on or before August 21, 1922.

Application of water to beneficial use shall be made on or before September 21, 1922.

Proof of the application of water to beneficial use must be filed with State Engineer on or before October 21, 1922.

WITNESS MY HAND AND SEAL this 21st day

Proof of labor filed JAN - S. 1924

of July, 1921

Cancelled because of failure of applicant to comply with provisions of permit
